

Education Coffee Time for SDGs

CO-CREATE

Co-create a socially responsible, responsive and inspirational educational environment together with your community collaborators (partners) and students

upper side

BE CREATIVE

Be creative and connect your course(s) with SDGs that reflect your scope of teaching areas

down side

INSPIRE

inspire with your teaching a new generation of leaders and changemakers to take courageous action for a just, peaceful and sustainable world

down side

COLLABORATE

Invite external/community lecturers who are experts in SDGs to discuss related issues with your students or develop a joint course with relevant actors in your community

down side

CONNECT

link your theory in course(s) with practice in a community-oriented approach, using different methodologies such as case studies, visiting lectures, role-playing, problem-based learning, project-based learning, SDG challenges...

down side

ENGAGE

Engage your students in developing community-based interventions according to local necessities and within the SDGs scope
