

**PARTNER WITH LOCAL ORGANISATIONS
DEDICATED TO SUSTAINABILITY**

Bunch of the great ideas, people, technologies, institutions, businesses, organisations, NGOs and various resources that are required to achieve the SDGs are already out there in our local communities - the task is to figure out how you can engage them and combine your joint efforts in teaching and research in new and transformational ways?

If you're a newcomer in this partnership for the SDGs field, read me :)

I can help you to start!
